Theurgy, or the Hermetic Practice-E.J. Langford Garstin 2004-06-01 Theurgy means "the science or art of divine works." In alchemy, this process is called the "Great Work," which is the purification and exaltation of our "lower" nature by the proper application of esoteric principles, so that it may become united with its higher counterparts, whereby we may attain spiritual, and ultimately divine, consciousness. Drawing on the teachings of the Egyptian, Greek, and Hebrew mystery schools and quoting extensively from important alchemical writers, Garstin details this process of purification. Students who are curious about alchemy but daunted by the body of its literature and its strange allegories will find this book to be an excellent introduction. Garstin discusses source alchemical works and clearly explains what their esoteric symbolism means. With the information in this book, students of alchemy can then proceed to make a more informed exploration of the alchemical works and other writings of the Western Mystery Tradition.

Invoking Angels-Claire Fanger 2012-02-01 "A collection of essays examining medieval and early modern texts aimed at performing magic or receiving illumination via the mediation of angels. Includes discussion of Jewish, Christian and Muslim texts"--Provided by publisher.

For the Love of the Gods-Brandy Williams 2016-09-08 Follow the footsteps of history Discover the path to the gods For the Love of the Gods tells the epic story of theurgy, from its roots in ancient Egypt to its modern day practice. The lives and passions of the early Pagan philosophers come alive in these pages, immersing you in the bustling cities and diverse cultures that spawned theurgy as we know it today. Theurgy is best understood when it is deeply experienced. The stories presented here re-create the experience of these ancient practices and show how they were passed down through generations of teachers and students of differing ethnicities, genders, and ages. It's commonly believed that ancient Pagan theurgy traditions were erased from the earth and replaced by monotheistic religions—but this is a myth. The way to the gods was never lost. For the Love of the Gods shares step-by-step instructions for theurgic rituals, so that you can create relationships with the gods and love them as the ancients did. Discover how to offer devotions, create living statues, invoke into yourself and others, and achieve personal communion so that you, too, may dwell in the happy presence of the divine.

Liberation Theurgy Towards a Critical Theory of Insurgent Hermeticism-Nathan W. Bjorge 2016 Using the methodology of Slavoj Zizek's dialectical materialism, a version of Marxist critical theory, Liberation Theurgy hermeneutically interrogates the theory and practice of western ceremonial magic, called theurgy in antiquity and magick in modernity, outlining a politically liberating interpretation in line with the priorities of present day practitioners in the context of the alienating effects of globalized capitalism.

Living Theurgy-Jeffrey S. Kupperman 2014-05 Living Theurgy is a masterpiece combining scholarly excellence with lucid practicality. Theurgy ('god-working') is a combination of ritual mystical practices interwoven with philosophy and theology. It was developed by Iamblichus and other Neoplatonists inspired by the works of philosophers including Plato, Aristotle and Pythagoras, and Julian the Chaldean. Author and scholar Jeffrey Kupperman elucidates and makes accessible the core ideologies and practices of Theurgy, which evolved through more than 1000 years of Platonic philosophy and cultural transformations. Kupperman guides the reader through the contemplative and theurgical practices used by the Neoplatonists to create effective spiritual transformation in the practitioner. Philosophia (Philosophy) as the foundation of Theurgy is explored through techniques such as lectio divina ('divine reading') contemplation and visualisation. It focuses on discussion of key concepts including virtue, wisdom, bravery, temperance, justice, evil, political philosophy, beauty and love. Theologia (Theology) considers the One, also known as the Good, which is the source of all, through the spectrum of monotheism, polytheism and
panentheism. It also explores different views regarding the nature and functions of the Demiurge, angels and daimons, and the human soul, and the practices of Theurgy, including the use of hymns and prayers. Theouergia (Theurgy) focuses on the practices, from purification and the use of signs, symbols and tokens to talismancy and the ensouling of eikons (divine images). The work concludes with a complete guide to the Invocation of the Personal Daimon, an essential step in the theurgic process of purification and illumination in seeking the Divine. Living Theurgy is a literary psychopomp for practitioners seeking effective methods of developing their knowledge and relationship with the divine through Neoplatonic praxis. It is essential reading for all those interested in traditional forms of magical, philosophical, and religious practice, and the history of the western mysteries. "Philosophy is purifying, religion illuminating, but theurgy is uplifting."

Introduction, Jeffrey Kupperman

Practicing Gnosis-April DeConick 2013-08-22
The essays in Practicing Gnosis demonstrate that the Gnostics were not necessarily trendy intellectuals seeking epistomological certainties. Instead, this book explores how Gnostics were seeking religious experiences that relied on practices including ritual, magic, liturgy, and theurgy. This book celebrates the career of Birger A. Pearson.

Alchemist's Handbook-Frater Albertus 1987-01-15
Formerly handed down under oath of secrecy, this clear, concise handbook discusses: the fundamental principles of alchemy; directions for the formation of an inexpensive home laboratory, with illustrations of the necessary equipment; step-by-step instructions for the work of the Lesser Circulation, the alchemical transformation within the plant kingdom—the necessary prerequisite for any work in the mineral kingdom.

Philosophy and Theurgy in Late Antiquity-Algis Uzdavinys 2010-03-10
This book clearly establishes that traditional myth is the symbolic expression of metaphysics, as metaphysics is the exegesis of myth; and that Greek philosophy was not an isolated 'miracle' but a reinterpretation of perennial themes common to the ancient Near Eastern, Mesopotamian, Indian, and especially Egyptian religions.

The Hermetic Tradition-Julius Evola 2018-07-13
This important survey of alchemical symbols and doctrines sets forth the mysterious worldview and teachings of the practitioners of the "royal art." One of the leading exponents of the Hermetic tradition, Julius Evola demonstrates the singularity of subject matter that lies behind the words of all adepts in all ages, showing how alchemy—often misunderstood as primitive chemistry or a mere template for the Jungian process of "individuation"—is nothing less than a universal secret science of human and natural transformation. First published in 1931 in Italian. This is the first English translation. Draws from a host of sources in the Western esoteric tradition—works on theurgy, magic, and gnosticism from neoplatonic, Arab, and medieval sources.

The Divine Arcana of the Aurum Solis-Jean-Louis de Biasi 2011 Take the first steps on the path of initiation using the universal power of the tarot. Jean-Louis de Biasi, Grandmaster of the Ordo Aurum Solis, presents the tarot as a complete system of High Magick. He pairs the symbolic components of the Hermetic macrocosm—the five elements, the seven ancient planets, and zodiac signs—with corresponding deities of the classical Greek pantheon, enabling you to channel cosmic energies. Using the tarot images as talismans, you'll connect with and invoke the unique energies of each card to reach higher states of consciousness through rituals that further your inner development.

Ascent to Heaven in Islamic and Jewish Mysticism-Algis Uždavinys 2011-08 In this groundbreaking work of comparative religion, Algis Uzdavinys takes us deeply into the "closed and blessed gardens of myth", showing us the capital importance of the many varieties of "ascent to heaven". From the Pyramid Texts down to Second Temple Judaism and apocalyptic Christian literature; and, in parallel, down the theurgic path of Platonic and Hermetic literature to the sanctum of the Islamic revelation in Mecca, we are vividly presented with the sacramental impact of anagoge: elevation to the domain of the supernal archetypes and heavenly principles. As with other books by the author, the face of antiquity is revealed anew, full of intriguing, challenging and enraptured insights.
THE HERMETIC TABLET-2018

Kabbalah, Magic, and the Great Work of Self-transformation-Lyam Thomas Christopher 2006 Based on an innovative blend of Kabbalah and magic, a step-by-step program toward spiritual attainment guides readers through each level of the the Golden Dawn system of ritual magic and its corresponding sphere in the Kabbalah Tree of Life. Original. 10,000 first printing.

Divination and Theurgy in Neoplatonism-Crystal Addey 2016-05-13 Why did ancient philosophers consult oracles, write about them, and consider them to be an important part of philosophical thought and practice? This book explores the extensive links between oracles and philosophy in Late Antiquity, particularly focusing on the roles of oracles and other forms of divination in third and fourth century CE Neoplatonism. Examining some of the most significant debates between pagan philosophers and Christian intellectuals on the nature of oracles as a central yet contested element of religious tradition, Addey focuses particularly on Porphyry's Philosophy from Oracles and Iamblichus' De Mysteriis - two works which deal extensively with oracles and other forms of divination. This book argues for the significance of divination within Neoplatonism and offers a substantial reassessment of oracles and philosophical works and their relationship to one another. With a broad interdisciplinary approach, encompassing Classics, Ancient Philosophy, Theology, Religious Studies and Ancient History, Addey draws on recent anthropological and religious studies research which has challenged and re-evaluated the relationship between rationality and ritual.

The Hermetic Deleuze-Joshua Ramey 2012-08-20 In this book, Joshua Ramey examines the extent to which Gilles Deleuze's ethics, metaphysics, and politics were informed by, and can only be fully understood through, this hermetic tradition.

The Path of Alchemy-Mark Stavish 2006 Introducing the history and basic laws of alchemy and how they are linked to tarot, astrology, Qabala, and the four elements, this practical guide features safe, modern techniques for creating distillations, stones, tinctures, and elixirs for physical healing, spellwork, and much more. Original.

Rediscover the Magick of the Gods and Goddesses-Jean-Louis de Biasi 2014-07-08 The philosophical roots of much of Wicca and Paganism, as well as Western ceremonial magick, come from ancient Egypt. In this thoroughly researched book, the Grand Master of the Aurum Solis shares the history and evolution of the theurgic tradition—including the origins of Hermeticism in Egypt and the Mediterranean world, the birthplace of the theurgic tradition—and how-to instructions for discovering the presence of the divine in the world. Providing a seven-step system of exercises and rituals to help the reader achieve higher levels of consciousness, Jean-Louis de Biasi also includes tips and techniques for working with sacred texts, information about the five temples of the human being, The Great Work, the three cosmic rituals, and the real planetary days. A valuable resource for those interested in the history and practices of the Western Mystery Tradition.

Tantric Thelema-Sam Webster 2021 Over a decade in development, Tantric Thelema develops author Sam Webster's Pagan Dharma work uniting Pagan, especially Thelemic spirituality with Buddhist wisdom and ritual technology. It gives a complete method for learning a Mahayoga Tantric technique for invoking the primary deity of Thelema, Ra-Hoor-Khuit. Forty-seven practices are described in fine detail with clear theory to enable the reader to advance spiritually. For the first time ever the Initiatory and Couples practices are published, along with a practice to prepare for Death. Sam Webster, M. Div., Mage, has taught magick publicly since 1984. He graduated from Starr King School for the Ministry at the Graduate Theological Union in Berkeley in 1993. He is an Adept of the Golden Dawn and a cofounder of the Chthonic-Ouranian Templar order, as well as an initiate of Wiccan, Buddhist, Hindu and Masonic traditions. His work has been published in a number of journals such as Green Egg, Reclaiming Quarterly, Mezlim, and Gnosis. He founded the Open Source Order of the Golden Sun.
Dawn in 2001 (www.OSOGD.org), and serves the Pagan community principally as a priest of Hermes.

**Meditations on the Tarot** - 2005-08-25 Now in a fully corrected edition, one of the true spiritual classics of the twentieth century. Published for the first time with an index and Cardinal Hans Urs von Balthasar’s afterword, this new English publication of Meditations on the Tarot is the landmark edition of one of the most important works of esoteric Christianity. Written anonymously and published posthumously, as was the author’s wish, the intention of this work is for the reader to find a relationship with the author in the spiritual dimensions of existence. The author wanted not to be thought of as a personality who lived from 1900 to 1973, but as a friend who is communicating with us from beyond the boundaries of ordinary life. Using the 22 major arcana of the tarot deck as a means to explore some of humanity’s most penetrating spiritual questions, Meditations on the Tarot has attracted an unprecedented range of praise from across the spiritual spectrum.

**The Corpus Hermeticum (Annotated Edition)** - G. R. S. Mead 2012 This is the extended and annotated edition including an extensive annotation of almost 10,000 words about the history and basics of Gnosticism, written by Wilhelm Bousset The so-called Hermetic writings have been known to Christian writers for many centuries. The early church Fathers (Justin Martyr, Tertullian, Clement of Alexandria) quote them in defense of Christianity. Stobaeus collected fragments of them. The Humanists knew and valued them. They were studied in the sixteenth and seventeenth centuries, and in modern times have again been diligently examined by many scholars. Contents: I. Poemandres, the Shepherd of Men II. To Asclepius III. The Sacred Sermon IV. The Cup or Monad V. Though Unmanifest God Is Most Manifest VI. In God Alone Is Good And Elsewhere Nowhere VII. The Greatest Ill Among Men is Ignorance of God VIII. That No One of Existing Things doth Perish, but Men in Error Speak of Their Changes as Destructions and as Deaths IX. On Thought and Sense X. The Key XI. Mind Unto Hermes XII. About The Common Mind XIII. The Secret Sermon on the Mountain

**The Kybalion** - Three Initiates 1908 Not exactly what it says on the tin. Despite the subtitle, the Kybalion introduces streams of thought that were never present in the hermetic philosophy of Ancient Greece and Egypt. But the occult is a living system, subject to enlargement and change and this work remains worth study.

**Experiences Facing Death** - Mary Austin 1931

**Green Hermeticism** - Christopher Bamford

**Magical Theurgy - Rituals of the Tarot** - Oliver St John 2016-02-22 Here is a complete course in Hermetic Magick, covering the extended use of elemental mudras or Godforms, meditation and Tantra-yoga, plus examples of simple and advanced magical rituals. The book also includes a complete guide on how to make and charge magical talismans, with illustrations of the Kameas or Magic Squares and sigils of the planetary spirits. When approached in the right way, divination is a magical means of opening and extending lines of communication between the temporal and eternal worlds. The most important function of the Tarot, however, is as an Initiatory device. The core of this book is the Grand Tarot Operation, a 30-day Theurgic operation aimed at mystical and magical Initiation. Format: 6x9 Hardbound; dustjacket; blue linen boards; gold foil stamp lettering on spine; black on cream pages, textured white endpapers.

**The Tree of Life** - Israel Regardie 2000 Israel Regardie wrote The Tree of Life, a book many consider his magnum opus, in 1932. It has continued to sell for decades. And no wonder. Up until the time this book was published, very little information about true high magic was available to the public. In this book, Regardie reveals the secrets of real magic. He begins with an explanation of what magic is and, just as importantly, what magic is not. He explains that it is a spiritual study and practice which, along with forms of yoga, forms the two branches of the tree that is mysticism. Magic is not being a medium or a psychic. He explains that he is a spiritual study and practice which, along with forms of yoga, forms the two branches of the tree that is mysticism. Magic is not being a medium or a psychic. Then he explains the tools of the magician, what they mean, and how to use them. He explains the techniques of evocation and invocation, skrying, and astral travel. He shows how the Qabalah unites everything. He
even gives a description of the secrets of sexual magick. All of this is in a clear, lucid writing style. This book is simply a must for anyone who is, or aspires to be, a real magician. Although Chic and Sandra Tabatha Cicero were friends of Regardie and are Senior Adepts of the Hermetic Order of the Golden Dawn, what changes could they have made to this classic book? Well, they did change the spelling from British style to American. And they did change his transliterations of Hebrew into the more popular style he used in his later books. But nothing vital was changed or removed. Everything else they added was complementary to the text that was there. And what incredible additions they are! Extensive annotations throughout every chapter; over 100 illustrations; more descriptive contents pages; a glossary, a bibliography and an index. They've even added a biographical note on Regardie and the importance of this book to him and to the occult world. This book contains some of the finest occult writing that has ever been produced. And with the new material by the Ciceros, it becomes a must-have for any magician!

Theurgy and the Soul-Gregory Shaw
2014-09-12 Iamblichus was once considered one of the great philosophers. The Emperor Julian followed Iamblichus's teachings to guide the restoration of traditional pagan cults in his campaign against Christianity. Although Julian was unsuccessful, Iamblichus's ideas persisted well into the Middle Ages and beyond. His vision of a hierarchical cosmos united by divine ritual became the dominant worldview for the entire medieval world. Even Ralph Waldo Emerson wrote that he expected a reading of Iamblichus to cause a "revival in the churches." But modern scholars have dismissed him, seeing theurgy as ritual magic or "manipulation of the gods." Shaw, however, shows that theurgy was a subtle and intellectually sophisticated attempt to apply Platonic and Pythagorean teachings to the full expression of human existence in the material world.

Frabato the Magician-Franz Bardon 1995-12
Written in the form of a novel, Frabato is the spiritual autobiography of Franz Bardon. Set in Dresden in the early 1930's it chronicles Frabato's magical battles with the members of a powerful and dangerous black lodge. His escape from Germany during the final desperate days of the Weimar Republic and the beginning of his spiritual mission culminating with his classic books on Hermetic magic. More than an occult novel, Frabato the Magician is itself a work of magic which illuminates Bardon's other books as well as providing a revealing look into the dark occult forces which lay behind the rise of the Third Reich. Threaded throughout the true tale, and written between the lines, are many valuable and practical esoteric lessons.

A World Full of Gods-John Michael Greer 2005
In this book John Michael Greer turns his attention to the intellectual underpinnings and superstructures of the Pagan and magical movements. Pagan religions have tended to be more concerned with practice that with theory and in a system that has no dogma - no legislated doctrine - that is as it should be. Yet as out movement grows and matures, it is inevitable that we will begin to think in a more abstract way about our models and systems. John Michael Greer has provided a primer on the kinds of ideas and themes that must be included in any discussion of the theology and philosophy of Neo-pagan religions.

The Practical Art of Divine Magic-Patrick Dunn 2015-08-08 The ancient world of Egypt, Greece, and Rome was home to a set of magical and spiritual technologies, called theurgy, that unite the practice of magic with the aims of religion. Theurgy, or "godwork," is the art of creating a stronger bond between the theurgist and his or her deities. The results of this stronger bond were imminently practical: stronger magic, more meaningful existence, and a better life. With the fall of Rome, these techniques faded into obscurity, and many of them were lost forever. This book revives, restores, and reinvents these practices for a contemporary pagan or magical practitioner. A mixture of scholarly research and examination of source texts and daring experimentation and extrapolation leads to a complete and workable system that can inform a variety of practices, all presented in a relaxed, lighthearted, and readable way. Whether you practice witchcraft,
ceremonial magic, or chaos magic, you can benefit from the practice of theurgy. You will learn techniques to create stronger bonds with divine forces, call up and communicate with spiritual beings, summon a magical assistant, create statues imbued with divine spirit, and master your own mind. The ultimate goal is union with the divine, but theurgy is a practical path, and every step on that path is designed to improve your life.

**Theurgy**-Mouni Sadhu 2004 The book is permeated with the burning faith and spiritual experience of the author and cannot fail to inspire the sensitive reader. Here the student is told in simple language the why, when and how to act. This differs from any other work on a similar theme, and to date, nothing like it has yet appeared in this kind of literature. Chapters of rare spiritual beauty adorn the contents to bring solace in the worldly struggle, and to delight and uplift any reader who sincerely wants to start a new and better life beyond the reach of inner troubles. Highlights include: Powerful enlightening prayers? Effective exorcisms? An interdenominational character

**AB Bookman's Weekly**- 1991

**John Dee's Occultism**-Gyorgy E. Szonyi 2010-07-02 A comprehensive look at the life and work of one of the towering figures of Renaissance mysticism.

**The English Catalogue of Books**... 1926

**The City of the Moon God**-Green 1992-07-01 The author unravels strands of religious tradition in Harran that run from the old Semitic planetary cults through Hellenistic hermeticism, gnosticism, and Neo-Pythagoreanism and Christian cults to esoteric Islamic sects such as the Sufis and Shia.

**Hermeticism and the Renaissance**-ingrid Merkel 1988

**Studies in Comparative Religion**- 1983

**The Psychological Clinic**-Lightner Witmer 1933 Vols. 1-12 include section "Reviews and criticism."

**The Chaldaean Oracles**-George Robert Stow Mead 1908
